DIVERSITY POLICY

Promotion of diversity

Fund Channel is committed to encourage diversity. Recruitment and evaluation of performance take into account equality of treatment allowing promotion of diversity in the staff, especially in the positions with higher hierarchical importance.

Due to the size of the company, the size of the authorized managers teams and of the Management Committee is small. Quantitative targets cannot therefore be defined, as regard to gender, age, origin, education or other factors.

Anyhow, Fund Channel promotes diversity as a positive contribution to our organization, and values differences in our staff as an asset for the success of the company.
